LABOR IN PRISONS.

The special committee appointed by the legislature of 1887 to investigate and report upon the subject of convict labor has submitted its report to the present legislature. The report is a very elaborate one, making some fifty or sixty octavo pages. It is the most exhaustive report of the kind ever made in this state, and is therefore a most valuable contribution to the literature bearing upon the question of prison labor.

The committee names five systems of convict labor as follows: The lease system, the public-account system, the contract system, the piece price system and the solitary plan. The committee, in examining into the different systems thought best to look into the public account, piece price and contract systems. In pursuance of their investigation, they made personal examination of the following prisons: Joliet, Illinois; house of correction, Chicago, Illinois; Michigan City, Indiana; house of correction, Detroit, Michigan; Elmira reformatory, Elmira, New York; state prison, Auburn, New York; Trenton prison, New Jersey; Sing Sing prison, New York; eastern penitentiary of Pennsylvania, Philadelphia, Pennsylvania; state prison, Baltimore, Maryland; Wisconsin state prison.

Concerning the Wisconsin prison the report says: "It is with extreme gratification to the committee and must be to the legislature and the people of the state, that the Wisconsin prison is found to rank with the best in the United States. And as evidence that it is fulfilling its mission may be cited the fact that while the ratio of convicts to the free population of the United States is 1 to 930, in Wisconsin including the house of correction it is 1 to 2,900 based on the census of 1880. And based on the population of to-day we have not more than one convict in prison to every 3,500 of our population, being the least in the United States except two. We find the discipline and the morals of the prison good and the relation between the convicts and foremen, and between prison keepers and foremen, and between officers and contractors good."

There is an effort in this state among a few demagogues who are seeking to make political capital of their movement to abolish the contract system and adopt in its stead the state account system. On that point the committee says: "From its history, the state account system may very appropriately be called the 'non-productive labor system.'" As an illustration of this question of competition under the different systems as occurring in New York. Under the contract system the boot and shoe contractor at Auburn prison sold a certain grade of shoes at \$24 per case. After the state account system supplanted the contract system the same grade of shoes sold for \$21 per case. It is in the natural course of events that the state should sell at less price than would the contractor. There is not the same incentive to the state as to the contractor to maintain prices."

Here is another paragraph on the subject: "The contract system is now in vogue in the Wisconsin state prison, and it is without doubt the best known plan for the employment of prison inmates. Under this system the state advertises for proposals, and to the firm or individual offering the highest price per day for the labor of convicts, the contract is awarded. It has been a success wherever tried, and in every state where the prison population is sufficiently large, the institutions under this system pay revenue into the state treasury over and above all expenses. Under this system our own prison is more nearly self-sustaining than it has ever been before. Reports from states where the system is in operation are quoted, all of which agree in recording first place to the contract system."

"In reference to the competition of the present contractors in the Wisconsin state prisons with outside manufacturers, the committee will say that it is too infinitesimal to waste much time or thought upon. The books of the present contractor show that for the year ending Dec. 1, 1888, they paid out in Wisconsin the following amounts:

For stock and goods	\$123,276 53
For contract labor	49,025 90
For citizen labor	71,075 79
For railroad freight	13,104 76
Total	\$256,483 98

This is the amount the contractors of the prison labor paid out in the state. How much do the demagogues suppose they received from the people of Wisconsin in the way of sales within the state in 1888? Just \$37,523 71! That was the entire amount of sales in the state, against over a quarter of a million paid out to the people. In conclusion the committee says: "We are, all things considered, clearly and unanimously of the opinion that the change in the system of labor in the state prison would be justified and that no state is more fortunate nor better served in its prison management, and that the citizens of no state have less to complain of by reason of any supposed labor disturbance caused thereby."

WISCONSIN LAW MAKERS.

Some of the Important Bills Introduced in the Senate and Assembly.

Senator Dyson's Effort to Break up the So-Called Northern Dives.

Special to the Gazette.

MADISON, Jan. 22.—In the senate this morning several bills were introduced bearing upon prostitution; one by Senator Dyson, makes it punishable by life imprisonment for a person who shall seduce a female under fourteen years of age; also makes the crime of abduction of female for immoral purposes punishable by imprisonment at Walupun for five years.

In the assembly bills were introduced as follows:

To amend Keighly election law now in operation in Milwaukee.

To authorize city of LaCrosse to erect and maintain a toll bridge over the Mississippi river at that point.

To prevent the erection of slaughter houses within eight of a mile of any residence or highway.

To increase license fee of telephone companies from one half per cent to 3 per cent of the gross receipts on Wisconsin business.

To exempt public art galleries from taxation.

To provide that no person committed to jail to await trial upon any charge shall be admitted to bail by any county judge, court commissioner or justice of peace unless notice or place of application therefor shall have been served upon district attorney of the proper county, at least twenty-five hours prior to the time of such application, shall be made.

A joint resolution, which passed the last legislature, providing for the submission to the people of the constitutional amendment making senior member of the supreme court, chief justice, in case of a vacancy, was again offered.

DIPHTHERIA.

Isolation of the Patients.—Disinfection of Rooms and Clothing.

A child suffering from diphtheria should be isolated from the first, and kept so for three weeks after convalescence begins. The air of its rooms should be saturated with antiseptics, and under the physician's direction every possible disinfection of the child should be conveyed through the nurse into other rooms of the house, or elsewhere, should be prevented. Every identical thing which has been in the atmosphere of the sick room should be thoroughly disinfected before it leaves. As to how to prevent children from acquiring the disease other than by exposure to an infected person, the only way is to provide for them the best hygienic conditions. To make home healthy is the first step to take in prevention. Overcrowded apartments should be vacated. Wherever one is, he should make sure that the drainage system is perfect, and that his quarters are kept scrupulously clean. Perfect ventilation is, of course, imperative. If a child is much in the open air it is less likely to take cold easily, and that cold renders children more liable to take diphtheria than be always kept in mind. If a child is troubled with chronic nasal catarrh or has enlarged tonsils, and is a frequent sufferer from sore throat, it should be held by the parents as sufficient evidence that their home is unhealthy. If satisfied that errors on their own part—lack of cleanliness, imperfect ventilation, etc.—are not accountable for its unhealthfulness, then should move to other quarters without delay.

Let everyone understand that if diphtheria enters their homes they will be always to blame for it. When the responsibility is placed where it belongs, people feel it, then there will be but comparatively few cases of this much-dreaded disease.

Secret Societies of the World.

In the United States there are over 200 fraternal, benevolent, social, insurance, religious, temperance and other secret orders. Following is the official membership of some of the more prominent American organizations: Free Masons, 600,000; Odd Fellows, 590,000; Grand Army of the Republic, 380,000; Knights of Pythias, 210,000; Good Templars, 280,000; Ancient Order United Workmen, 101,876; Knights of Honor, 121,736; The Royal Arcanum, 80,000; Improved Order of Red Men, 64,000; American Legion of Honor, 61,664; Knights and Ladies of Honor, 54,000; Sons of Veterans, 47,000; Iron Hall, 43,000; Ancient Order of Foresters, 38,539; Daughters of Rebekah, 28,588; Knights of the Golden Eagle, 30,000; and Order of Chosen Friends, 35,000. The total number of Masons in the world is estimated at 4,000,000. The total number of Druids in the world is 67,000.

Seasickness.

The French physiologist, Dr. Dastre, has been making curious experiments with animals with the object of determining the causes of seasickness. The creatures have been subjected to various kinds of motion corresponding to the rolling and pitching of vessels. Dr. Dastre found on examination that the intestines were thereby strangely displaced and violently thrown against the diaphragm, and he presumes that is a similar disturbance produces seasickness on board of a ship. To counteract this irritation Dr. Regnaud is said to have administered cocaine with excellent results. Another French physician, who attributes seasickness to the same causes as Dr. Dastre, reports that he has discovered two infallible preventives, one a mixture of atropine and strychnine, and the other caffeine.

Hard to Understand.

"How did you get along in Paris?" asked one traveling man of another who had been there.

"Oh, very well."

"Didn't you find your previous study of the French language assisted you any?"

"Yes, sometimes."

"You spoke French in the restaurants, I suppose?"

"Not a great deal. We tried it awhile, but in nearly every case the waiter had spoiled and the milk had soured before we could make the waiter understand us."

How Doctors Conquer Death.

Dr. Walter K. Hammond says: "After a long experience I have come to the conclusion that two-thirds of all deaths from cough, pneumonia and consumption, might be avoided if Dr. Acker's English Remedy for consumption were only used in time." This wonderful remedy is sold under a positive guarantee by Prentice & Evanson, druggists.

THE NATIONAL CAPITAL.

THE SENATE TARIFF DEBATE ENDS TO-DAY.

Amendments to the Wool Schedule—The Oklahoma Bill to Be Voted On Thursday—Gossip.

WASHINGTON, Jan. 22.—In the Senate Mr. Cockrell, from the committee on military affairs, reported the Senate bill to authorize the Omaha, Fort Dodge & Southern railway company to build its road across the military reservation in Kansas, not exceeding 100 feet in width, and on motion of Mr. Plumb the bill was then passed.

The presiding officer laid before the Senate a communication from the Governor of Michigan to the effect that the State had contributed to the statutory hall of the House of Representatives a marble statue of Lewis Cass, the work of an American sculptor, D. C. French, of Concord, Mass., and Mr. Palmer gave notice that he would offer resolutions and make some remarks on the subject Feb. 18.

The Senate then took up the tariff bill, and Mr. Allison asked the unanimous consent to have the debate limited by the ten-minute rule after 3 o'clock.

This was agreed to after changing the hour to 10 o'clock, and also that at 5 o'clock Tuesday debate should cease and voting begin. A long debate on the wool schedule followed, the southern Senator, arguing in favor of increased protection for that article. Finally, at the suggestion of Mr. Aldrich, it was agreed that the wool schedule should stand over one day, and that the finance committee in the meantime should examine the facts and figures presented by the Senator from Georgia. Mr. Brown then moved that the wool schedule be taken up on Thursday, and the committee were too low Mr. Aldrich said the committee would be glad to offer such increase as might seem just and proper.

Mr. Allison reported the following amendments to the wool schedule, which were sent to the printer without being read: In paragraph 346 (taxing wools of the first and second class 1 cent a pound) the words "and second" are struck out, and the words "wools of the second class 12 cents per pound" are added. In paragraph 346, which taxes wool valued at not over 12 cents a pound 8 cents a pound, the tax is increased to 8 cents. In paragraph 347, relating to wools of the third class valued at 12 cents or less a pound, the tax is increased from 2 1/2 to 4 cents a pound. In paragraph 348, relating to wools over 12 cents in value, the tax is increased from 6 to 8 cents. In paragraph 354 the words "woolen and worsted" are inserted twice, so as to make it read "woolen and worsted cloths, woven and worsted shawls," and the rate of 40 cents a pound on cloths valued at above 60 cents a pound is increased to 45 cents. A like change is made in paragraph 357, increasing the rate on flannels, blankets, etc., valued at above 60 cents per pound, from 40 to 45 cents per pound. Paragraphs 356 and 357 are amended by increasing the rates in the two provisions (applying to goods weighing over four ounces per square yard) from 40 to 45 cents per pound. In paragraph 358 as to ready-made clothing the rate is increased from 40 to 45 cents per pound. In paragraphs 361, 362, 364, 365, 366, 367, and 368 (carpets), the ad valorem rate is increased from 30 to 35 per cent, in 1889 from 40 to 45 per cent, and in 1891 from 40 to 45 per cent, and in 1892 from 40 to 45 per cent. On provisions for paper or printing machines) from 30 to 35 per cent.

An evening session an amendment to place all wool on the free list, was defeated by a viva-voce vote. On previous roll calls no quorum being present Messrs. Brown, Payne and George voted in the negative with the Republicans. On motion of Mr. Allison the rates of duty on wool and woollens were increased as follows: Second class, from 11 to 12 cents a pound; third class, valued at 10 cents or less a pound, 23 cents to 4 cents a pound; third class, valued at over 12 cents a pound, from 6 to 8 cents a pound; woolen and worsted yarns, valued at 50 cents or less a pound, 30 cents a square yard, or in part of wool, weighing over four ounces a square yard. A duty of 45 cents a pound and 45 per cent ad valorem was fixed on clothing, ready-made, and wearing apparel of every description composed wholly or in part of wool. The duty on webbing, gorings, etc., was fixed at 40 cents a pound in addition to 50 per cent ad valorem.

THE HOUSE.

The Final Vote on the Oklahoma Bill to Be Taken on Thursday.

WASHINGTON, Jan. 22.—In the House Mr. Payson (Ill.), by introducing inconsequential bills and demanding their reading in full, succeeded in the double object of forcing the friends of the Oklahoma bill to yield to certain amendments he desired to have incorporated in the bill and in extracting from the friends of the Union Pacific bill a promise that they would not call up that measure to-day. Mr. Anderson (Iowa) then came to the front with a long resolution calling on the Inter-State Commerce Commission for information regarding the recent agreement of railroad presidents. Mr. Anderson, having become aware of the tact agreement that the Union Pacific bill would not be called up, refrained from further action, and the call of the House of States was proceeded with. But another obstacle was thrust into the House by Mr. Brower (N. C.), who introduced a bill for the repeal of the tobacco tax and moved its reference to the committee on war claims. The yeas and nays were ordered, and resulted: Yeas 100, nays 126—the motion was not agreed to, and the bill was referred to the committee on ways and means.

The call of States was concluded, and then Mr. Warner (Ohio) withdrew his pending motion to suspend the rules and pass the Oklahoma bill, and in lieu thereof moved to suspend the rules and adopt a resolution providing for a final vote on that bill at 4 o'clock on Thursday next, with permission to Mr. Payson (Ill.) to offer amendment to the section relative to town sites. Agreed to—yeas 165, nays 76.

Booming Estee for the Cabinet.

WASHINGTON, Jan. 22.—The action of the Republican members of the California Legislature in endorsing M. M. Estee of that State for a place in Gen. Harrison's cabinet is accepted by the Pacific slope delegation in Congress as an expression of popular sentiment. One of the most distinguished members said to-day that if the Pacific coast is given a place in the cabinet the honor must fall to Mr. Estee. It is very probable that the delegation will soon hold an informal canvass upon the matter and supplement the endorsement of Mr. Estee with their own.

THE MONROE DOCTRINE.

The House Foreign Affairs Committee on the Panama Canal Bill.

WASHINGTON, Jan. 22.—Pursuant to a special call the Edmunds Panama canal resolution was taken up for consideration this morning by the House Committee on Foreign Affairs. The sub-committee reported through Chairman McCreary that in its opinion the resolution should be adopted without amendment. He explained that certain changes might have been made in the phraseology of the resolution which would have made it more acceptable to the sub-committee, but as the sense of the measure fully met their views the members were not disposed to obstruct its passage on that account, and therefore unanimously recommended it favorably to the House. This report at once resulted in opening a discussion, which was participated in by most of the members present, and the hour of 2 arrived before any conclusion had been reached. There seems to be little doubt that the resolution will be favorably reported in the end, but the matter was allowed to go over until next Thursday, by which time it is hoped that the opposition, which appeared this morning, may be overcome by argument, and a practically unanimous report secured.

ENGLAND WILL TAKE A HAND

Proposing to Prevent Germany From Gaining Control of Samoa.

LONDON, Jan. 22.—It is stated on trustworthy authority that the British Government has decided to uphold the treaty by the terms of which European powers are precluded from obtaining or attempting to obtain dominance in Samoa. The Government has been fully informed of the views of the United States Government on the subject. It is agreed that the action of the German agents in Samoa is opposed to the letter and spirit of the treaty, that it violates diplomatic etiquette, and endangers the good relations which are necessary for Europeans to preserve when dealing with semi-barbarous nations. Dispatches to this effect have been sent to Berlin.

Lord Salisbury's latest news from Apia is of a threatening nature. In consequence of these advices the British fleet in the Pacific will be increased immediately by at least two powerful vessels.

Minister Phelps had a conference with Lord Salisbury to-day on the subject. After Mr. Phelps had left Count von Hatzfeldt, the German Ambassador, had an interview with the Prime Minister.

The Chronicle's correspondent at Berlin learns on good authority that Germany has come to a definite understanding with the United States with regard to Samoa.

Arrested Another M. P.

LONDON, Jan. 22.—David Shields, member of Parliament for South Galway, was arrested to-day in Glasgow, on charge under the crimes act and hurried off for shipment to Ireland for trial. This is the first arrest of a Scottish member of Parliament for offenses committed in Ireland, and the Scotch lobbies are highly indignant.

Harrington Must Stay in Jail.

DUBLIN, Jan. 22.—The judges before whom Edward Harrington M. P. was brought to six months imprisonment, was brought to a writ of habeas corpus have refused to order his release, finding the allegations of technical informality, on which the discharge was applied for, insufficient.

Riot at a Campaign Meeting.

PARIS, Jan. 22.—A riot occurred at an election campaign meeting held last evening in the Avenue Duquesne. Sticks were freely used and twenty persons were injured. The police made during the progress of the meeting frequent arrests were given for brawling.

The Bishop of St. Asaph Dead.

LONDON, Jan. 22.—The Rt. Rev. Joshua Hughes, D. D., bishop of St. Asaph, is dead. He had been ill for a year, and was unable to attend his duties for a long time. The disease in consequence has been without a bishop during that time.

Salisbury Warns the Germans.

LONDON, Jan. 22.—It is reported that Lord Salisbury on account of certain high-handed proceedings of the Germans in East Africa, has warned Prince Bismarck not to permit any interference with the Sultan of Zanzibar.

Wissman Must Be Consul-General.

BERLIN, Jan. 22.—Capt. Wissman, who was appointed by the foreign office to perform special service in East Africa, will also fill the position of consul-general for Germany at Zanzibar.

JANESVILLE, WIS.

FRISCILLA spinning, long ago, sighs as she thinks how soon her linen
Will lose its glossy luster, when the wash it once or twice has been in.
She does not know that in the soap the evil lies that makes her suffer.
Its great excess of alkali, which cuts the fiber, makes it rougher.

Our modern maidens need not sigh since IVORY SOAP has been invented.
Containing no free alkali—by which the ruin is prevented.
For linen washed with IVORY SOAP in snowy beauty'll ne'er diminish.
But always, while it lasts, preserve its pristine gloss and lustrous finish.

A WORD OF WARNING.
There are many white soaps, each represented to be "just as good as the 'Ivory,'"
they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities
of the genuine. Ask for "Ivory" Soap and insist upon getting it.

Senator Cullom's Election—Blacklisting
Is Likely to Be Declared Illegal—A
Deadlock Broken.

SPRINGFIELD, Ill., Jan. 22.—Less than a
quorum was present when the House met
Monday afternoon, and although several
bills were introduced the session lasted less
than fifteen minutes. A joint resolution
was reported from the Senate providing
for a separate ballot for United States
Senator at 11 a. m. Tuesday and a com-
parison and declaration of the result in joint
session on the following day. It was unani-
mously concurred in. A message was re-
ceived from the Senate rejecting the
passage by that body of the joint resolu-
tion providing for sine die adjournment of
the General Assembly April 26 and asking
the concurrence of the House. It went
over under the rules. A bill making ap-
propriation for the payment of the em-
ployes of the Thirty-sixth General Assembly
was introduced and read a first time.

Mr. McPherson's letter concerning the
slightly the law in regard to the in-
corporation of cities and towns, and Mr.
Reynolds handed in a measure granting to
the United States certain privileges in the
construction of a ship canal from the south
branch of the Chicago river to the Des-
plaines, Illinois, or Mississippi river. It
provides that if the United States shall
agree to construct a canal of sufficient
depth and width to admit the passage of
the largest lake and river vessels to and
from Lake Michigan and the Mississippi
river the State of Illinois shall give to the
government free of charge the labor of the
penitentiary convicts necessary for the
construction of such canal. During the
process of construction the national govern-
ment is to maintain and clothe such con-
victs.

A bill amending the law in regard to
township insurance companies was in-
troduced by Mr. Craig. Mr. Krotzinger
presented a measure providing for the
making of a census of the population of
the State by making a return of interest in
excess of 5 per cent per month. A violation
of the proposed law is to subject the pledgee
to a fine of not less than \$25 nor more than
\$300 and work the forfeiture of both prin-
cipal and interest.

A bill introduced by Mr. Carmody of
Cook, amends the law in relation to fees
and salaries by reducing the salaries of cer-
tain Cook county officials. It reduces ma-
terially the salary of clerks of the Superior
and County courts, the county and probate
clerks, the county treasurer, sheriff, coroner
and the recorder of deeds.

The House adjourned until 10 o'clock
Tuesday.

The Senate.
There was far less than a quorum pres-
ent when Lieut. Gov. Ray, as presiding
officer of the Senate, called that august
body to order at 5 o'clock Monday eve-
ning. Only twelve Senators were present,
and they seemed very little interested in the
brief business session. Clerk Wilson
began reading the journal of Friday's ses-
sion in a monotonous tone. He was in-
terrupted by Senator Crawford, on whose mo-
tion the further reading of the journal was
dispensed with.

Senator Thomas then reported back the
joint resolution, which had been passed by
the Senate and concurred in by the House,
providing that the Senate and the House
Representatives assemble in the manner
provided by law, and at 11 a. m. on Tues-
day take a separate vote for a Senator in
Congress for the term of six years, and
that on Wednesday at 12 o'clock both
houses shall meet together in joint session
in the hall of Representatives and take a
joint ballot for the candidates for United
States Senator. The joint resolution was
declared adopted and on motion Senator
Crawford the Senate adjourned.

Electing a Senator.
At 11 o'clock Tuesday a ballot will be
taken by the Senate for the Legislature for
United States Senator. The result of the
election is a foregone conclusion, and the
friends of Senator Shelby M. Cullom, the
Republican caucus nominee, are here in
great numbers. A number of the Demo-
cratic politicians and ex-members of
the Legislature are also here out of respect
to Gen. John M. Palmer, the nominee of
the Democratic caucus. The House has
a number of young Republicans who are
allowed to air their eloquence in eulogizing
the distinguished Republican nominee.

Representative A. J. Lester of Sangamon,
one of the youngest members of the House,
has been accorded the honor of placing
Senator Cullom in nomination in that body,
and Representative Wiley E. Jones of
Sangamon will do a similar service on be-
half of the Democratic nominee of the
House for Gen. Palmer.

Lester's nominating speech will be se-
conded by Miller of Stark, Ross, McLaugh-
lin and perhaps others of the Republican
side, and on the Democratic side Mr. Jones'
nomination will be seconded by Messrs.
Davis of Green, Brown of La Salle, and
others. In the Senate Senator Cullom will
be nominated by Messrs. Thompson of
Cook, and Henry Selter of St. Clair will
nominate Gen. Palmer. The Republican
nomination will be seconded by Senators
Bacon, Hagler, Fuller, and MacMillan, in
the order named. It was intended to have
Senator Matthews of Champaign second
Senator Cullom's nomination also, but as
Mr. Matthews was chairman at the Repub-
lican caucus, at which the House has been
unanimously selected, he begged off on the
plea that he had already been sufficiently
honored and there were many other Sena-
tors fully as competent for the task and
deserving of the honor. The House nomi-
nation will be seconded in the Senate by
Messrs. Edwards L. McDonald of Morgan
and Harry Higbee of Pike.

INDIANA SOLONS.
Prospects of the Bill Making Blacklisting
Illegal.

INDIANAPOLIS, Ind., Jan. 22.—In the
Lower House of the Indiana General
Assembly a favorable report was made
Monday on the bill forbidding the black-
listing of discharged employes, and al-
though it is admitted to be defective in
some respects it is pretty certain to be
passed. The bill is intended to apply di-
rectly to Indiana railway companies, which
entered into a compact not to again employ
any of the switchmen who were discharged
during the recent strike, but it will equally
affect other corporations or individuals if
they prevent men whom they have dis-
charged from obtaining employment. Be-
sides being made liable for damage any per-
son violating the provisions of the bill may
be fined \$500.

The old question as to the legality of
Robertson's election as Lieutenant Gov-
ernor is likely to be brought before the
courts again, as it is understood that the
Democratic members of the General As-
sembly are determined not to make an ap-
propriation for the mileage and per diem of
Robertson as Lieutenant Governor while
serving as a member of the State Board of
Equalizations which have already been
paid. Green Smith says that he will
claim an extra allowance of \$120 as pre-
siding officer of the Senate two years ago,
and if State Auditor Bruce Cass refuses to
pay a warrant for the amount after a
resolution directing him to do so is passed,
by the Senate his fees will be cut in two.

Another bill for the relief of the Indiana
Supreme court was introduced in the Sen-
ate. It provides for thirteen commis-
sioners, one to be chosen by the General
Assembly from each Congressional district.
The term of the commission shall continue
two years, and any time afterward may be
dissolved by the Supreme court.

In the House Representative Brown
offered a resolution that the Committee on
Temperance be instructed to prepare a bill

for a local option liquor law, but on motion
of Schuch of Marion the resolution was
tabled. Other bills were introduced author-
izing persons having claims against the
State to bring suit therefor in the Marion
County Superior Court, limiting the rate
that may be charged by railroads for trans-
portation, and to create a State commission
for the licensing of stationary engineers.

The Dead-Lock Broken.
CHARLESTON, W. Va., Jan. 22.—The
Senate met Monday morning, took several
ballots for President, after which a recess
was taken until 2:30 p. m. At this hour
the Senators met and took one more ballot
and on motion took another recess until
4:30 p. m. At the hour named the Senate
re-assembled and after two hours of filli-
bustering a vote for President was taken.
When the result was read by President pro
tem Francis Pickens, who had been elected
him. The Democrats voted for him. This
is a partial victory for the Democrats, who
have broken the dead-lock in spite of the
Republicans, who had determined in
caucus to fight it out regardless of the
consequences. There were but a few in
the Senate chamber other than members of
either house and the result caused no great
demonstration. The other officers of the
Senate will be elected Tuesday, as the Sen-
ate adjourned to 10:30 a. m. Mr. Carr
was elected on the 126th ballot.

In the House the counter motion of J. W.
Kirk, Republican, in a contest was received
and filed, after which that body adjourned
until Tuesday morning.

McPherson Wins the Prize.
TRENTON, N. J., Jan. 21.—The Demo-
crats went into joint caucus in the Assem-
bly Chamber last evening and the Repub-
licans withdrew to meet in the Senate
Chamber. The Republican caucus decided
on William J. Sewell of Camden as its
nominee for United States Senator, he re-
ceiving 28 votes to 10 for George A. Hall of
Newark. In the Democratic caucus
Senator McPherson received 25 votes to 18
for ex-Gov. Abbott. Senator McPherson
was then declared the nominee. Balloting
will begin to-day.

A DUEL ON THE STAGE.
An Indian Chief Tries to Kill a Sena-
tor.

CINCINNATI, Ohio, Jan. 22.—A duel in
real earnest took place on the stage of the
Standard theater last night between Run-
ning Deer, an Indian Chief, and Capt.
Jack Crawford, the event. The In-
dian was drunk, and in the duel
scene made an attempt to kill Crawford.

It was a hard and terrible fight with
knives. According to the play Crawford
should have taken the knife from the In-
dian, who is a Comanche. He refused to
give it up and made some vicious lunges.
After a desperate struggle the scout got the
upper hand and pushed the Indian two or
three times in the side with the threat to
kill him if he made any further hostile
demonstrations. After the play the Indian
escaped and the police are looking for him,
fearing that he may do harm.

Tried to Burn His Family.
PATERSON, N. J., Jan. 22.—The Rev.
Mr. Lockwood, pastor of the Reformed
church at Fairfield, while suffering from
acute dementia last night, made a horrible
attempt to burn up his family. The wife
and children, owing to his wild threats to
kill them, hurriedly fled from the house.
A portion of the house. The madman then
went from room to room and kindled a fire
in the center of each. As the floors and
furniture blazed up the husband and father
made frantic attempts to reach the mem-
bers of his family if they attempted to escape.
The fire was almost upon them a neighbor,
attracted by the flames, gave an alarm.
The people quickly gathered, secured the
nervous minister, and rescued the family.

Got Neither His Money Nor His Life.
WINSTON, N. C., Jan. 22.—A white em-
ployee on the bridge force of the Winston
& Wilkesborough railroad named Harrell
was paid Saturday and started to Win-
ston in a wagon. As he neared Winston he
saw a party of negroes playing cards near
the road. One of them exclaimed, "Now,
we'll get some money." They all ran to-
ward Harrell, one of them crying out, "Give
him his money." Harrell, who was riding
boldly of his horse and brandishing a
pistol exclaimed, "Your money or your
life." Harrell fired, shooting the negro
in the back of the head. The negro ran to
Winston and delivered himself to the sher-
iff. The negro died within an hour. Har-
rell is out on bail.

Wiggins Claims Another Earthquake.
OTTAWA, Ont., Jan. 22.—Speaking to-
day of the Costa Rica earthquake Profr.
Wiggins said that in May last he predicted
that the public press of that country
in a wagon. As he neared Winston he
saw a party of negroes playing cards near
the road. One of them exclaimed, "Now,
we'll get some money." They all ran to-
ward Harrell, one of them crying out, "Give
him his money." Harrell, who was riding
boldly of his horse and brandishing a
pistol exclaimed, "Your money or your
life." Harrell fired, shooting the negro
in the back of the head. The negro ran to
Winston and delivered himself to the sher-
iff. The negro died within an hour. Har-
rell is out on bail.

Sold Out to the Vanebrilts.
PITTSBURGH, Pa., Jan. 22.—It is stated
upon information received from a source
said to be most reliable that Herbert
Hostetter has sold to the Vanderbilts all
stocks and interests of the late Dr. Hostet-
ter in the Pittsburgh and Lake Erie rail-
road. This gives the Vanderbilts full control
of the line, and at the annual meeting of
the board here to-morrow some important
changes will be made.

Employers Forced to Yield.
NEW YORK, Jan. 22.—The strike of the
Cuban cigar-makers is now expected to be
settled shortly, as the employers' stock of
cigars is nearly exhausted, and it is impos-
sible to secure skilled labor elsewhere.
Four manufacturing firms have so far
yielded.

A Runaway Girl Sent Home.
NEW YORK, Jan. 22.—Ellie Swinehart,
18 years old, who ran away from home in
Boston, Ohio, was arrested here while
wandering about the streets, was sent back
with an officer this morning.

Boycotters Beaten in Court.
CINCINNATI, Ohio, Jan. 22.—Parker
Brothers, building contractors, who have
been boycotted by the Bricklayers' union of
this city, were awarded \$7,700 damages
against the union.

Do Not suffer! Any Longer.

STRIKE ON ERIE & WESTERN.
Brakemen at Lafayette, Ind., Quit Work
and Try to Stop Others.

LAFAYETTE, Ind., Jan. 22.—The brake-
men on the Lake Erie & Western railway
at this point quit work last evening and no
trains have gone out since. One was run
up, but was abandoned. A committee of
brakemen was appointed to wait on Train-
master Grady and present their grievances.
They ask 3 cents per mile on through
freight, 2 cents on local freight, and to three
men, one man having been laid off on
account of slow business, and to be exempt
hereafter from shoveling coal at Hillsburg
for the engine crew. Trainmaster Grady
said he would not consider the matter until
the men refused to go out on their trains.
The strikers sent word to the brakemen at
Lima, Ohio, and the strike is expected to
spread. The men are determined to win
between twenty-five and thirty men are in-
terested here, and that they will not permit
trains to run if it is possible to prevent them.

THERE IS NO ONE ARTICLE IN THE LINE
of medicines that gives so large a return
for the money as a good porous strength-
ening plaster, such as Carter's Smart
Weed Belladonna Backache Plaster.

Terrible.
Two-thirds of all deaths in New York
City are from consumption or pneumo-
nia. The same proportion holds for most
other cities. Delays are dangerous. Dr.
Acker's English Remedy for Consump-
tion will always relieve, and may save
your life. Fretz & Evenson, Drug-
gists.

er at St.okane Falls and all points west, thus affording intending settlers an excellent opportunity to secure a first-class automobile at the current expense of paying local fares from their homes.

Nothern Pacific is the shortest route from St. Paul to Tacoma by 2 1/2 miles; to Seattle and to Portland, 3 miles. Paid mileage is the same except singly short, or, varying from one to two days, according to destination. No other route is available for the carrying of automobiles and passenger cars of any kind into Idaho, Oregon or Washington.

In addition to being the only rail line to Spokane Falls, Tacoma and Seattle, the Northern Pacific Railroad also carries mail to and from Northern Minnesota and Dakota, Montana, Idaho, Oregon, and Washington, and to all points on the North, North Pacific and Shasta lines is the scenic route to all points in California.

For full lines of passenger fares, maps, and for as giving you valuable information in reference to the routes of the Northern Pacific Railroad, write to: St. Paul, Minneapolis, Duluth and Ashland to Portland, Oregon; and Tacoma and Seaboard to Seaboard, Oregon. THE JOINTOWN EXTENSION A VERY DOUBTFUL MATTER.
F. S. Winslow returned from Chicago last night with the news of the conference with the Northwestern officials yesterday. A report was made to the company of what had been accomplished in the way of securing aid for the Johnson extension, and of the action of the county board on the matter.
After learning of this new phase of the question the road refused to make any proposition.
"We appreciate the efforts of Janesville, Johnson and Delavan," said one of the authorities of the road, "but while the former inference is so strong against railroad enterprises of all kinds as it now seems to be in the state, it is hardly policy for us to spend money in extensions."

The general opinion at the conference was that any definite action would be postponed until time had been given for a change of sentiment.
